

DIPLOMA IN LOGISTICS AND SUPPLY CHAIN MANAGEMENT

9 MONTHS
On-Campus Education
+
6 MONTHS
Industrial Attachment

The Diploma in Logistics and Supply Chain Management offers a comprehensive introduction to modern logistics and supply chain principles, processes and practices. It focuses on the movement, storage and coordination of goods and information, stressing operational efficiency, regulatory compliance and professional workplace practice.

Covering warehousing, inventory control, procurement, transportation, customer service and logistics information systems, this programme places strong emphasis on practical application. It equips learners with core knowledge to apply concepts to real logistics and organisational scenarios.
